Featured Project: FEMA LogHOUSE

Under the FEMA LogHOUSE contract, MLU has hauled 16,768 transportable temporary housing units (TTHUs), installed 9,322 TTHUs, maintained 13,553 TTHUs, deactivated 7,466 TTHUs, constructed seven (7) group sites, and maintained 15 group sites nationwide. We have responded to 17 FEMA LogHOUSE task orders across 10+ major disasters, successfully managing seven concurrently, all while earning consistent Satisfactory to Exceptional CPARS ratings.

MLU Past Performance

Disaster Supported	State	Description
2024 Hurricane Helene	GA	Deployed five turnkey basecamps with 2,000+ beds within 48 hours in Georgia.
2024 Hurricane Milton	FL	Dispatched and set up 1,560 beds across three sites in the Tampa Bay, FL area.
2024 Iowa Floods	IA	Simultaneously constructed three group sites with 10, 20, and 66 Modular Housing Units (MHUs) in less than 56 days
2022 Hurricane Ian	FL	Mobilized 1,000 person base camp including catering, shower units, housekeeping, and daily laundry service
2021 Hurricane Ida	LA	Hauled and installed 4,000 Temporary Housing Units
2021 COVID-19 Pandemic	GA	Established nine drive-through vaccination sites resulting in 350,000 vaccinations administered
2018 California Wildfires	CA	Right-of-Way (ROW) clearing resulting from 21 fires
2018 Camp Fire	CA	Constructed expansive temporary housing community in 70 days including all infrastructure and 1,500 fully-furnished Modular Housing Units (MHUs) to house 2,100 residents
